# Instructions for the Major Audit

Each Barnard Political Science major graduating in Spring 2020 or later must complete and sign this major audit in order to:
1. List the courses successfully completed for the major and, especially,
2. Indicate that she has obtained credit approval from the Department Representative for each and every major course taken outside the Barnard Department of Political Science, with the exception of cross-listed courses. (Courses cross-listed with the Barnard political science courses automatically count for elective credit toward the major. For a list, see https://barnard.edu/catalogue/department/plsb/courses#cross.)

Please note that the three required colloquia must be taken in the Barnard Department of Political Science.

**Important**:  Please do make sure you seek the approval of the Department Representative for each course not taken at Barnard, nor cross-listed, that you want to count toward the major requirement. Use the "Course Approval Request Form," one for each course, available in the Department Office (1113 Milstein) and via http://polisci.barnard.edu/course-approval.

**During program-planning for your first semester of senior year**, meet with your major advisor to verify each course successfully completed for the major (in other words, no Incomplete, W, or Pass/D/Fail). Request credit approval from the Department Representative for each course not taken in the Barnard Department of Political Science that you want to count toward the major requirement, see above.

Submit the signed major audit **before the end of program-filing for your first semester of senior year** to Madeleine Lloyd-Davies, the Department Administrator, in 1113 Milstein Center (2nd floor of Barnard Hall).  Students graduating before 2020 must refer to the other audit available on the website.

You may want to make a photocopy for your own records.

Thank you. Wishing you much success!
